# About J. Brian Day...

For three decades, J. Brian Day has been serving commercial and residential customers. We have satisfied thousands of customers over the past 30 years.

With over 40 employees, our company strives for excellence. We do this by making sure that our employees are IICRC certified. This assures you that J. Brian Day is on the leading edge when it comes to dealing with your water damage needs.

We enjoy the benefits of water in our life. However, water in the wrong place can be one of mother nature's greatest forces for creating damage at your property. Excessive moisture can also occur in buildings because of construction defects, plumbing failures, hot water heaters, damage from freezing and even improper maintenance.

Don't trust your water damage to just anyone. J. Brian Day implements procedures that reflect IICRC S500 Standard and Reference Guide for Professional Water Damage Restoration.

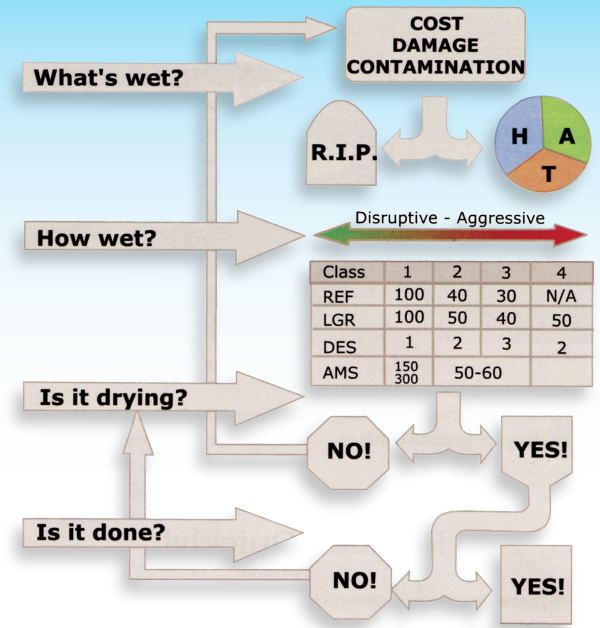

With our 24/7 response team, we are available to service your needs day or night. Our certified project managers will work directly with your insurance company to determine the scope and coverage for your water damage enabling us to return your property back to its original condition in a timely manner.
