PRODUCTS

The best possible material and products from the country's leading manufactures. To mention just a few, Shaw, Mohawk, Masland, Durkin, Armstrong and many more.

SERVICE

Our staff of commercial sales people are trained and qualified to help you tailor specifications for your specific needs. You can coordinate colors and style with our in-house A.J. Rose experts.

SHOWROOM/COMMERCIAL LIBRARY

Stop into our Burlington warehouse to see our state of the art commercial library. With literally thousands of styles and products to choose from you, you are sure to find the right floor to fit your project needs! With over 30,000 square feet of warehousing and showroom space and a knowledgeable commercial flooring sales staff, AJ Rose has both the buying power and the warehousing capacity to handle any size flooring job.

TIMELY INSTALLATION

We are totally committed to timely, on schedule installations. After 35 years, we know how important it is to be on time. **We will not hold up your project.**

EXPERT INSTALLATION

Our installers are trained master installers. They have an average of 16 years of hands on floor covering experience, **and all our work is guaranteed.**

CARPET, TILE & UPHOLSTERY CLEANING

We use a top of the line heavy duty truck mounted hot water extraction system. Our method provides a deep clean without saturating your carpet & upholstery. The system also uses a powerful deep drying vacuum to extract most of the moisture out of your carpet and upholstery. Hot water extraction is the method most widely used by professional IICRC certified cleaning companies. All of our technicians are IICRC certified.
