

## Smart Video Intercom

Revolutionize your property's access control with Alocity's Smart Video Intercom System. Designed for multifamily, student housing, commercial, and gated communities, our system offers unparalleled security, convenience, and modern management of guests and residents.

### Video Calling

Receive video calls on your smartphone, or desktop and see who's at the door before letting them in.

### Face & Mobile Unlock

Instantly and securely unlock doors using facial verification or your smartphone.

### Visitor Virtual Keys

Assign PINS, QR codes, or face credentials to grant secure access for guest and service providers.

### Video Event Logs

Review all door events with time-stamped photos and video recordings.

### Manage Deliveries

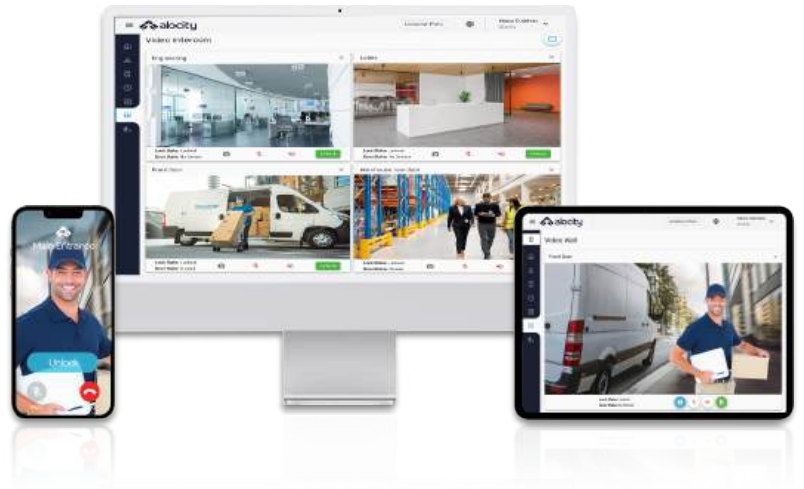

Assign delivery PINs to couriers and receive instant notifications upon shipment arrival.

### Access Control + Video

Seamlessly integrated with Alocity's cloud platform, manage access control and video in one place for enhanced security and convenience.

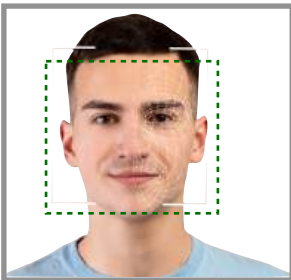

## Receive video calls on any device!

**Direct Calls Efficiently:** Route calls to the right person at the right time, allowing you to see who's at the door before letting them in.

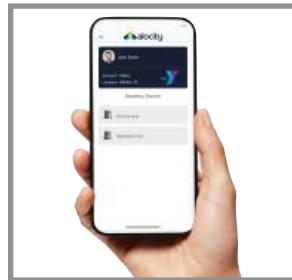

## Secure Access - Your Way!

Experience unmatched flexibility and security with Alocity's access control methods. Enter instantly with 3D facial recognition, use your smartphone, rely on encrypted cards/fobs, or manage access with virtual keys. Choose the method that suits you best for seamless and secure entry.

### 3D Face Recognition

Alocity's Face Recognition offers seamless entry—just walk up to the door, look at the reader, and it unlocks instantly.

### Mobile Unlock

Simplify and secure your entry with contactless mobile access. Unlock doors fast with sub-second response, even during internet or power outages.

### Encrypted Fobs

Protect your property with encrypted cards & fobs, designed to prevent unauthorized cloning.

### Virtual Keys

Assign Pins, QR codes or face credentials for easy & secure visitor entry.
