THE SEALMASTER® ADVANTAGE

THE SMART CHOICE FOR PAVEMENT PRESERVATION

Your Pavement is the Welcome Mat to Your Property.
Does it project a neat, professional image?
Or does it portray a drab, run-down image?
SealMaster provides the best solutions for
beautifying and protecting your asphalt
pavement investment. With over One
Billion gallons of pavement sealer
applied world-wide, SealMaster
continues to be the number
one choice for pavement
maintenance among property
owners and quality
pavement professionals.

**A Scheduled Program of Pavement Maintenance
Beautifies and Protects Asphalt Pavement for a
Fraction of the Cost of Overlaying with New Asphalt.**

Left untreated, asphalt pavement will deteriorate rapidly. The asphalt binder that holds the pavement together begins to oxidize and weather soon after installation. Moisture penetrates the asphalt causing further damage and deterioration to the pavement.

SealMaster pavement sealers are designed to replenish the binder that is lost through weathering and aging, and provide superior protection against environmental distress.

**A pavement maintenance program that
includes periodic sealcoating and crack
filling will more than double the service
life of asphalt pavement.**

A Nationally Recognized Brand

Our national product
manufacturing
and distribution
facilities allow us to
serve thousands of
property owners and
pavement maintenance
professionals year
after year from coast
to coast. We're the only brand of sealer that's available
nationwide, so you can enjoy consistent, quality results from
a name you can trust.
